- Must include:
 - Your overnight personal items
 - Your alcoholic beverages and snacks
- One extra personal item or small bag (such as a handbag, camera bag, or small backpack) is allowed if you keep it with you during the crossing.
- Type of luggage:

Accepted

Soft duffel bag

Backpack

Refused

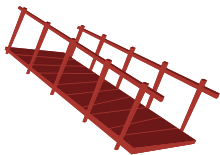

Suitcase

Damaged or Broken Bag

Additional Information

To reach the lighthouse, you will need to cross a narrow metal footbridge that is not suitable for suitcase wheels, which is why they are not allowed. Depending on the tide level, the bridge leading to the boat can become very steep (up to about 30°), making it harder to move luggage. Backpacks are therefore recommended.

Careful planning of your luggage will help you start your trip without stress and without carrying unnecessary items. Take a moment to think about what you truly need for the **overnight** stay so you only bring the essentials. After all, it's just one night!

Wishing you a smooth crossing
